

PRIYANSH GADIA

Quantitative Research · ML Engineering · Robotics & Systems

Girgaon, Mumbai, India · +91 8104521541 · gadiapriyansh@gmail.com · LinkedIn · GitHub

EDUCATION

- **IIT Guwahati — B.Sc. (Hons) Data Science & AI — IIT Guwahati**
CPI: 9.25/10.0 (Upto Trimester VIII, peak 9.77 in Tri V) · Enrolled in 10th Trimester · Coursework: ML, Statistical Inference,
- **DJSCE — B.Tech (Hons) Mechanical & Robotics — DJSCE**
Linear Algebra, Optimization, DSA, Stochastic Processes.
CGPA: 8.23/10.0 (Upto Sem VI) · Enrolled in 7th Semester · Grade O in AI/ML, CAD/CAM & FEA Labs; Grade A+ in AI &

Robotics, CAD/CAM, FEA, Thermodynamics.

PROJECTS

- **CryptoGraph Analytics — Ensemble Trading Platform — Self-Directed**
Full-stack platform ingesting Binance feeds across 100+ crypto assets. ST-GCN x LSTM x NeuralProphet ensemble with
- **Respiratory Support Optimization — Biomedical ML — Biomedical ML**
Mixture-of-Agents swarm & LLAMA 3.3.
3-phase study detecting clinically invisible ICU pressure transients across 50,920 MIMIC-IV patient records with esophageal
- **Argus — Quantitative & RegTech OS — Quant Research**
pressure ground truth under LOPO.
11-package monorepo for quant asset management: feature store (path signatures, rough vol), alpha models (Mamba-3 +

KAT and strict anti-overfitting (DSR/PBO).

SKILLS

- **Languages: Python, SQL, C, C++, Java, R, MATLAB, TypeScript — Core Languages**
Production proficiency across Python, SQL (PostgreSQL, SQLite), C, C++, Java, R, MATLAB, TypeScript, and modern
- **ML & Analytics: PyTorch, scikit-learn, XGBoost, LSTM, ST-GCN, SHAP — Machine Learning**
JavaScript.
Deep neural network architectures (ST-GCN, LSTM, NeuralProphet), model explainability (SHAP), time-series forecasting,

PyTorch, TensorFlow, Jupyter.

CERTIFICATIONS

- **OCI 2025 Certified Data Science Professional — Oracle University**
Oracle University (Oct 2025). Certified in distributed ML training, MLOps model deployment, automated pipelines, and cloud
adapters.
